

CARTONAL BOARD PROTECTION

A 1m x 2m, semi flexible, polypropylene based board, double layered with 5mm integrated perpendicular support spacers at 4mm intervals, to be applied as a protection to the waterproof membrane

Material	polypropylene
Size	1M*2M
Approximate weight	400 gm/sq.m
Thickness	3mm up to 4mm
Water absorption (ASTM 1004)	Nil
Resistance to 60% NaOH (ASTM D 543)	Not affected
Resistance to 30% NaOH (ASTM D 543)	Not affected
Resistance to 30% H2SO4 (ASTM D 543)	Not affected
Resistance to 10% HCL (ASTM D 543)	Not affected
Resistance to mineral Oils (ASTM)	Not affected
Linear dimensioning change due to accelerated aging (ASTM D 1204)	Nil
Resistance to puncture (BS EN ISO 12236:2006)	≥ 1700 newton
